

Get a Free VG34 with a free 1 year license

If you are attending Samsara's webinar "How to Run Your Fleet at Peak Efficiency" on the 26th of November 2020 (the "Event") as a professional responsible for a fleet of HGV/LCV ("Participant"), you may be eligible to receive one (1) free Samsara VG34-EU with a free 1-year cloud management license (the "Promotional Device"), subject to the below conditions. To be eligible, Participants must:

- Attend the entire webinar (as determined by Samsara)
- Be one of the first 50 webinar registrants
- Be part of an organization which operates a fleet of more than 20 HGVs and/or LCVs; passenger cars are excluded from the fleet count
- (i) Be employed by a company with a shipping address in the UK or in Ireland, able to provide a valid VAT ID for shipment
(ii) have an active role of managing, maintaining, or monitoring their organization's fleet of HGV and/or LCVs
- Not be a partner (including a finance partner or referral partner), a reseller, a distributor, a consultant, or a service provider of Samsara
- Confirm satisfaction of eligibility requirements with a Samsara representative by phone or email no later than one (1) month after the Event.

Additional Terms: Samsara Promotional Devices may not be used for resale, distribution or to provide managed services to customers. They are limited to one (1) Promotional Device per organization and per individual. By accepting the Promotional Device, (i) you represent that you are authorized by your employer to accept the Promotional Device and that you will disclose receipt of the Promotional Device to your employer; (ii) you accept and agree to be bound by Samsara's Terms of Use and its attachments (available [here](#)); and (iii) you represent that your use of the Promotional Device is for your company's corporate purpose (not for personal use) and in accordance with all applicable laws. Please speak to a Samsara rep if you have any questions. Samsara reserves the right not to fulfill your Promotional Device shipment at its sole discretion.
